Webinar Hosted by NPC DataGuard: 10 Steps to Protect Your Business from Ransomware

On September 21, 2021 at 1:00pm (ET), NPC DataGuard (“NPC”) is hosting a webinar on the 10 most important defense strategies to take to protect your business against ransomware attacks. While not created specifically for MFDA Members, the content of this webinar may be relevant and beneficial to MFDA Members and Approved Persons. NPC has assisted the MFDA in past and current cybersecurity initiatives, including reviews of MFDA Member cybersecurity regimes and delivery of a number of cybersecurity webinars specifically for MFDA Members.

During this 60 minute presentation Larry Keating, NPC President and Darren Mar, National Sales Manager at NPC, will discuss:

- The cyber threat landscape
- What ransomware is
- The most important steps to protect yourself from ransomware attacks

This presentation will be followed by a Q&A session with Larry and Darren.

To register, please complete the [online registration form](#) that will take you to the NPC website.

If you require any further information or experience any technical difficulties, please email Wendy Luu at NPC at wluu@npcdataguard.com.

You can find past MFDA webinars and webcasts, including those produced jointly with NPC, [here](#).
