

CIPF AND MFDA IPC EXPRESS SUPPORT FOR CSA INITIATIVE
August 3, 2021

CIPF and the MFDA IPC welcome the recently announced [CSA initiative](#) to establish a new single, enhanced SRO (New SRO). This initiative will also consolidate CIPF and the MFDA IPC into a single investor protection fund (New IPF), which will continue to be independent from the New SRO.

Both organizations support the New SRO initiative and its focus on investor protection.

CIPF and the MFDA IPC look forward to continuing their collaborative working relationship in this CSA-led initiative during the transition to the New IPF.
